THE YEAR WANTS A REST.

The year has done its duty. It has been right busy, too. An' it's wantin' a vacation, jes' the same as me or you. The hay is on the wagon an' the corn is in the mill; The ol' year wants a rest before the snow is on the hill. It thinks about the May day when the flowers were bloomin' sweet, With bleasin' freely scattered by the most unworthy feet, The rustlin' breeze is prayin' for them distant days so fair, And then comes Injun summertime in answer to the prayer. It isn't jes' the same as when the year was young and gay, For memories fond can ne'er revive the blossomin' of May. It's a sort o' realizin' that existence is so brief, It seems a shame to waste it all in struggle an' in grief, An' so the year jes' settles back as kind as it kin be. An' recollects the clover an' the robin in the tree. It seems serenely happy when it pauses in its prime To smile an' rest a little while in Indian Summer-time.

—Washington Star.

THE LEDGER delights in obliging its friends. It prints "Help Wanted," "Situations Wanted," "Lost" and "Found" notices free of charge; and as it costs you nothing for such service, don't you think it is as little as you can do to write the copy and either bring or send it to the office?

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

Saturday afternoon Deputy Master Commissioner B. B. Pollitt sold the Merrill Parry land containing 92 acres for \$4,986. W. E. Pyles purchased 56 acres at \$3,386 and Judge Thomas R. Phister 36 acres at \$1,600.

MURPHY, the Jeweler.

A letter was received here yesterday stating that Mr. George H. Martin, who has been ill at his home in East St. Louis, Ill., since last February, was in a hopeless condition and that his death might occur at any moment. Mr. Martin is a native of this city, having moved to St. Louis some years ago. He is a member of Limestone Lodge No. 36, K. of P., of this city.

Deserted by his father, who took him to South Portsmouth on the C. and O. from this city, gave him a nickel to pay his ferrriage and told him to shift for himself, Harry Platt, aged 13, was found wandering about Portsmouth by the police Sunday, says The Blade, and was taken to the Mayor's office by Officer Huddleson and his wife. The boy said he was searching for his grandmother, Mrs. Mary E. Reed, a fortune-teller, who was located and took charge of the youth. Mrs. Reed says the boy's father is dead and that the man who abandoned him must have been his stepfather.

Sunday Stoner Newell, the Third street tonorial artist, was rambling over hill and dale and had with him his trusty 22 rifle. While standing on the C. and O. railroad track this side of Springdale he spied a loon sailing up the river midway the stream and for sport took a shot at the big bird. Judge of his surprise to see it drop into the water. A young boy named Hatfield procured a skiff and brought the trophy to shore. It measured from tip to tip of wings 4 feet and 8 inches, and standing erect it was 3 1/2 feet high. Mr. Newell will have it mounted and present it to Father Jones.

TOBACCO MEETING

The Farmers Union Launched Yesterday at the Courthouse

What was lacking in numbers at the Farmers' Union meeting at the Courthouse yesterday afternoon was certainly made up in enthusiasm by those present.

The aim of the Farmers' Union, as enunciated by Hon. S. D. Rigdon of Bracken county, the principal speaker at yesterday's meeting, may be feasible and the proper thing for the farmer to do, but to a large number the plan will certainly appear impracticable.

The contract to which 90% of the farmers of the Burley Tobacco Districts of Kentucky, Ohio, Indiana and West Virginia are called on and expected to sign reads—

The undersigned parties to this contract shall consist of land owners and tenants only, who hereby organize themselves for their mutual protection, and in consideration of 90% of the tobacco growers of the Burley Growing District signing same on or before December 24th, 1905, agree, contract and bind themselves to raise no tobacco in the year 1906; and agree further that no tobacco whatever shall be grown for the year 1906 upon any land belonging to them. The parties to the contract further agree if they should sell, rent or transfer any land of which they are now possessed, that this contract shall apply to same, and no tobacco shall be grown thereon. Any lessee of lands signing this contract shall be put in the same position as the lessor, and this agreement shall bind him in every respect as it would bind the owner of same, but waives no right of the tenant acquired by the rental contract except that which refers to the cultivation of tobacco.

Now, what is to become of the tenant during the tie-up and embargo on the land?

As a rule he is poor and dependent upon his landlord from season to season for his living, and how many of the land-owners will be willing to maintain him during this season of idleness?

His services in growing other crops are not needed, as that part of the farm industry is managed and carried on by the land owner for his own exclusive profit and benefit.

Then the only alternative is to let the tenant go and for the time being look out for himself.

A few thrifty tenants who have something laid aside may be able to tide over between seasons, but a large majority will be left out in the cold.

Such a plan as the above was suggested last year by a Western county, but was given up.

Recently Bracken county revived the idea and 60% of the farmers are said to have signed contracts.

At yesterday's meeting three Committeemen in each Precinct of the county were appointed, whose duty it is to solicit signers to the contract and report back at a meeting to be held in the Courthouse this city a week from next Saturday, the Committee being as follows—

Whether you deal in our house or not you cannot but recognize that "ours" is pre-eminently "The Clothing Store of Maysville." Pre-eminently for the highest qualities, for the greatest variety, for best values and best merchant tailoring. These are the logical reasons why more men and boys wear clothing and shoes that come from our house than from any other house in the state. Rarely a day passes that we do not receive orders from people hundreds of miles away, who when here wore our clothing. They write us, "We can buy no such clothing where we are like we get from you."

Cravenette Coats are more popular than ever. "Ours" more popular than others. They are the "R. & W." Brand, the "best made."

We Give Globe Stamps Saturday's Verdict! We Give Globe Stamps

The largest day's sales in the history of this store. Would have been larger if we could have waited on more. We probably sold more Drygoods than all the drygoods stores in Mason county combined. WHAT DOES IT MEAN? IT DEMONSTRATED THE PUBLIC'S APPROVAL OF OUR METHODS. It means the people appreciate our four year's work to make Maysville "the" town of Northern Kentucky; it means the people appreciate the high grade goods we sell, the bright and inviting store we have made, the good service we are giving and the fact that our goods are MARKED IN PLAIN FIGURES. "When I say a square deal, I mean a square deal; exactly as much a square deal for the rich man as for the poor man; but no more. Let each stand on his merits, receive what is due him, and be judged according to his deserts. To more he is not entitled, and less he shall not have."—President Roosevelt.

THE Editor of a Republican Newspaper in Kentucky hasn't the most delightful job on earth, but there are worse ones—playing Czar of Russia, for example.

AN ex-legislator from a neighboring county died a few months ago owing 8 years subscription to THE LEDGER—\$24; but I've just been thinking how much better off I am than he is.

THERE'S one candidate on the ticket that both Democrats and Republicans should vote for—Mr. "No," who doesn't want to place employees at the mercy of corporations, in case workmen do not vote as the bosses wish. Smite the proposition to amend the Constitution and return to the viva voce ballot system.

THE Newport Rifles have disbanded, owing to objections of certain members to entering the Kentucky National Guard. It was feared that after being sworn in they would be called upon to fire upon Union men. Has it actually come to this? Are the so-called Union Labor people to control the military police of the country so that they may indulge in riots without fear of being fired upon? If that's the position taken by Labor Anarchists, it is well to let it be known.

SHALL the United States Government go into the insurance business? The Washington correspondent of The Times-Star says this question will be asked with a good deal of force at the opening of Congress. Individual Representatives from different Districts, including widely separate sections of the country, have indicated their intention to introduce bills regulating life insurance and even fire insurance business. Inquiries have been made of the Bureau of Corporations at the Department of Commerce and Labor, and other investigators have been studying methods in the office of the Controller of Currency. All these researches, as conducted by individual Congressmen, have had for their one object the collection of data going to show the necessity of Federal control of the great insurance corporations. There will be a number of bills introduced at the opening of Congress, which will sweep away all intermediate steps and will provide that the United States Government shall go into the life insurance business and into fire and marine insurance as well, if such a thing be possible. Of course, no one expects that any such radical legislation will be passed at this session of Congress, but several members of the House seem to have become imbued with the idea that the time is ripe for a radical and even a socialistic departure in the direction of a more paternalistic theory of Government.

Political Pickings

PUNISHES HIS OWN RASCAL.

Louisville Evening Post.

President Roosevelt says he permits himself "one particular bit of personal discrimination." He is "just a trifle more intent on punishing the Republican offender than the Democratic offender, because he is my own scoundrel. I feel a certain sense of peculiar responsibility for him." Contrast this with the mere gabble of men who insist that the Machine, whether it be good or bad, is still your party and you must stand by it. Contrast it with the declaration that wrong-doing in a great city must not be punished or exposed, as it may give a city a bad name.

A Common Foe

Not less than 5,000 people read THE LEDGER 312 days in the year. This makes a total of 1,560,000 readers in a year.

Do you want your name and business repeated that often within the next twelve months?

Murray & Thomas have begun the foundation for a handsome sarcophagus on the lot of the late Simon N. Meyer in the Maysville Cemetery.

It is well enough for Halloween celebrants to have all the fun they can; but they should remember that the destruction of property is a violation of law, for which they should be punished.

The wedding of Miss Mamie Scott to Mr. Gus Brooks of Cincinnati will be a brilliant event to be celebrated at "The Cedars," the beautiful home of Miss Scott's aunt, Mrs. John T. Wilson, near Mayslick, the evening of Wednesday, November 8th.

Among the curious observations made by students at the Bermuda Biological Station is that some of the inhabitants of the water there are able to imitate the color of the rocks and reefs among which they swim. The common fish called the grouper possesses this power. Its chromatic variability runs through a considerable range of colors. A specimen of the octopus vulgaris, after perking an oar from the hand of an inquisitive naturalist, escaped pursuit by its ability to imitate the exact shade of any brown or gray rock on which it rested.

MISTAKES . . .

Are frequently far-reaching, and universally so when one buys any article other than the very best in the way of supplies for the table. The country is full of stale, inferior and poisonous stuff, which is every day being palmed off on an unsuspecting public for good and wholesome foods. Because of this the straightforward, honorable and conscientious dealers throughout the country are united in an effort to induce Congress to pass a universal pure food law, which will prohibit the manufacture and sale of impure and poisonous foods, such as are now being sold by unscrupulous dealers, and consequently drive out of business all the "cheap johns" concerned that deal only in such stuff. I began business in Maysville over twenty-five years ago determined to only handle the best, act honorably with my customers and never misrepresent anything to make a sale. Whatever of success I have had with you I attribute to at all times standing by that determination. My experience of more than forty years in the business has qualified me to know the good from the bad when making my purchases, and has also satisfied me the true road to success is to deal fairly and honorably with the public, sell the best goods at fair prices and never practice deception to make a sale.

I am now getting in my larger purchases for the fall and winter trade and I do not hesitate to say that when all in and opened up I shall have the largest, cleanest, most varied stock of high grade goods ever offered in our city. My stock of Canned Goods and Fancy Groceries of all kinds will be immense, bought at the lowest prices any jobber can buy them, very much lower than such goods can be bought at today; consequently I shall be prepared to meet any and all competition. My special brands of Red Canvas Hams and Breakfast Bacon and fine Leaf Lard are becoming more popular each day with those who only want the very best.

Perfection Flour is the leading flour and the sales are increasing rapidly because it has been proved to be the best and purest sold in this market; always reliable. I don't have to be continually changing to find something better. It is truly what the word implies—Perfection. In fine Blended Coffee I have the run, because I sell only the best at reasonable prices, always fresh, still going at 15c, 20c and 25c. I want every person to visit my store, and a special invitation is extended to country people when in our city to make my house their headquarters. You are always welcome, and it will be the old-fashioned Kentucky kind. I pay cash for Butter, Eggs, Poultry and Country Produce such as I need in my trade, but will only buy the very best. If I please you I want you to be sure and tell all your neighbors and friends. If anything wrong, come direct to me and don't mention it to any one else; I make everything right.

FOR WOMEN AND WOMEN ONLY

Much That Every Woman Desires to Know About Sanative, Antiseptic Cleansing and the Care of the Skin, Scalp, Hair, and Hands.

WHAT CUTICURA DOES FOR WOMEN

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment, and Pills in the antiseptic cleansing of the mucous surfaces, and of the blood and circulating fluids, thus affording pure, sweet, and economical local and constitutional treatment for weakening ulcerations, inflammations, itchings, irritations, relaxations, displacements, pains, and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength, and beauty to weary women, who have been prematurely aged and invalidated by these distressing ailments, as well as such sympathetic afflictions as anæmia, chlorosis, hysteria, and nervousness.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made Cuticura the standard humour remedy of the civilized world.

TORTURING HUMOR Cured by Cuticura.

"I suffered five years with a terrible itching eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first application of Cuticura Ointment, and was soon entirely well. Mrs. A. Etson, Bellevue, Mich.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Cuticura Soap & Chem. Corp., Boston, Sole Props. Agents for "A Book for Women."

ONLY ONE.

The Record in Maysville is a Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Maysville citizens testify to this. Here is a case of it:

Henry Bertram, shoemaker, of 27 East Third street, Maysville, Ky., says:

"I believe everybody in Maysville has read in the papers the testimony I gave in March, 1900, about Doan's Kidney Pills, for I have been asked again and again by residents of this town if that statement were true. For the benefit of persons who may now be suffering from forms of kidney trouble I repeat my testimony. Before I got Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore I had suffered for some time with backache and a tired feeling and heaving aching in and about the kidneys. Being a shoemaker I thought my trouble was caused by my work, for every time I took a cold it settled in my back, but Doan's Kidney Pills quickly rid me of the trouble, and never from that time to this have I had any cause to complain of my back or kidneys. Doan's Kidney Pills perform exactly what they promise, and to be honest with you, I will say that in my opinion there is no remedy for kidney disorders equal to Doan's Kidney Pills."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.
